VISION

Since 1886, the National Roofing Contractors Association has been the home for generations of entrepreneurial craftsmen and enterprises who shelter and protect America's families and businesses and each other. Our vision is the recognition of our members as professionals and to unite the industry to that purpose.

We strive to realize NRCA's vision and mission by providing high-quality products, programs, services, advocacy and more, allowing members to build, sustain and successfully manage their businesses.

NRCA represents all segments of the roofing industry, including contractors; manufacturers; distributors; architects; engineers; consultants; building owners; and city, state and government agencies.

To read NRCA's Strategic Plan, visit nrca.net/strategicplan.

Celebrating 40 Years of Roofing Innovation

At BITEC, our dedication to roofing excellence has stood the test of time.

For 40 years, we've led the way with our 4 Pillars of Roofing:

ADVANCED BITUMEN TECHNOLOGY

Premium APP & SBS
membranes and
built-up roofing.

The solution for all roof
repairs—any system,
any time.

Durable TPO, PVC,
and KEE membranes
for ultimate protection.

Defend your roof with
100% silicone, acrylic,
and urethane coatings.

With 40 years of expertise, we continue to set
the standard in roofing excellence and reliability.

Ready to take your roofing projects to the next level?
Visit www.bitec.com or scan the code to easily browse
our complete range of roofing products and solutions.

Is Your C.R.E.W. Up To Speed?

Drive in the Fast Lane with Carlisle!

Carlisle believes strongly in the value of training and education and provides many opportunities throughout the year, both in person across the United States and Canada, and online.

Who? Applicators, Manufacturer's Representatives, Distributors, and Design Professionals.

What? C.R.E.W. (Continuing Roofing Education & Workshops) is our comprehensive training program that provides Authorized Applicators with innovative hands-on training opportunities focusing on the installation of Carlisle-warranted roofing systems and best field practices.

NRCA MEMBERSHIP

Membership in NRCA is widely recognized as a mark of commitment to professionalism and the advancement of the roofing industry.

MEMBRESÍA EN ESPAÑOL

NRCA Spanish Membership provides benefits tailored to the unique needs of Spanish-speaking business owners and workers.

Current NRCA members can access Spanish-only content without additional purchase by logging into their NRCA account.

ALL ROADS LEAD TO NRCA!

NRCA provides invaluable member services, including programs, products and information to improve, protect and grow your business.

Now is the time to join more than 3,700+ NRCA members who represent the top tier of professionals in the roofing industry.

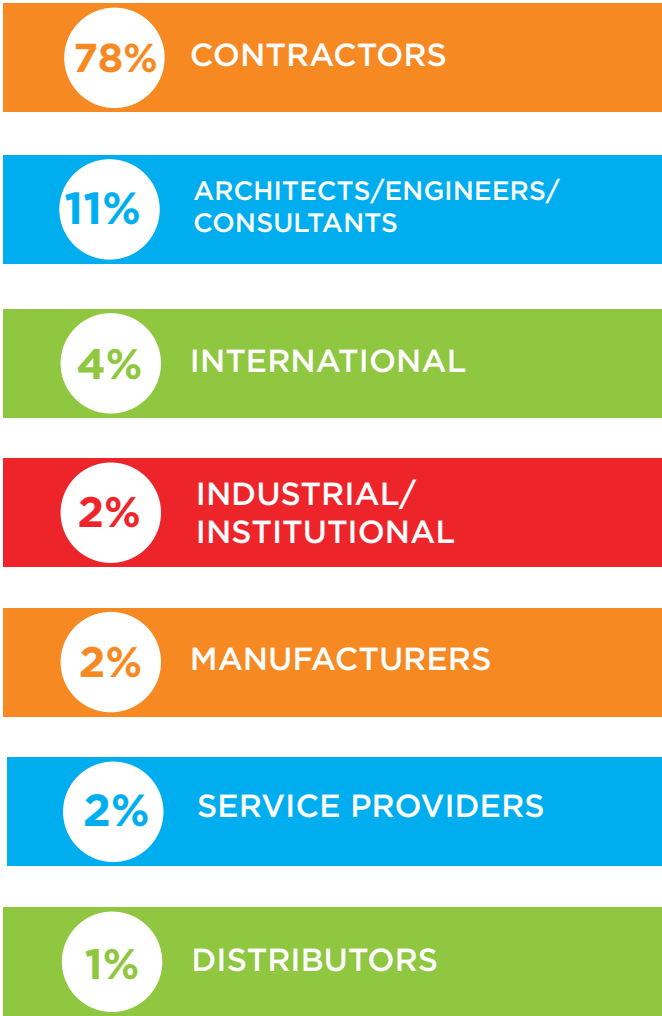

You belong here! Visit nrca.net/becomeamember to sign up today!

MEMBERSHIP BENEFITS

- Leverage **workforce tools** to recruit, onboard, train and engage employees
- Connect one-on-one with fellow contractor members to share advice, knowledge and experiences through our **Peer Networking Program**
- Take advantage of significant discounts on essential **education and training**
- Get priority access to **NRCA's safety and technical experts**
- Protect your organization from costly cyberattacks with the **Cyber Liability Insurance Program**
- Support powerful representation in Washington, D.C., where **NRCA lobbies on your behalf** to advance the roofing industry and protect your business
- Tap into **NRCA's Business Resources Program**, which offers products and services at member discounts
- Access **exclusive resources**—expert legal guidance, contract tools, publications and events—to help you protect and grow your roofing businesses and differentiate your company as an NRCA member

Visit nrca.net/benefits to learn more.

MEMBERSHIP COMPOSITION

<1% Manufacturer's Reps; Raw Material Providers; and Rooftop Photovoltaic System Manufacturers and Utilities

NRCA's Partner Programs

NRCA has aligned with industry partners to provide you with incentives for your first year of NRCA membership. You may be eligible to receive exclusive discounts on membership dues and more.

To determine your eligibility, visit nrca.net/partnerprograms.

NRCA'S ONE VOICE INITIATIVE

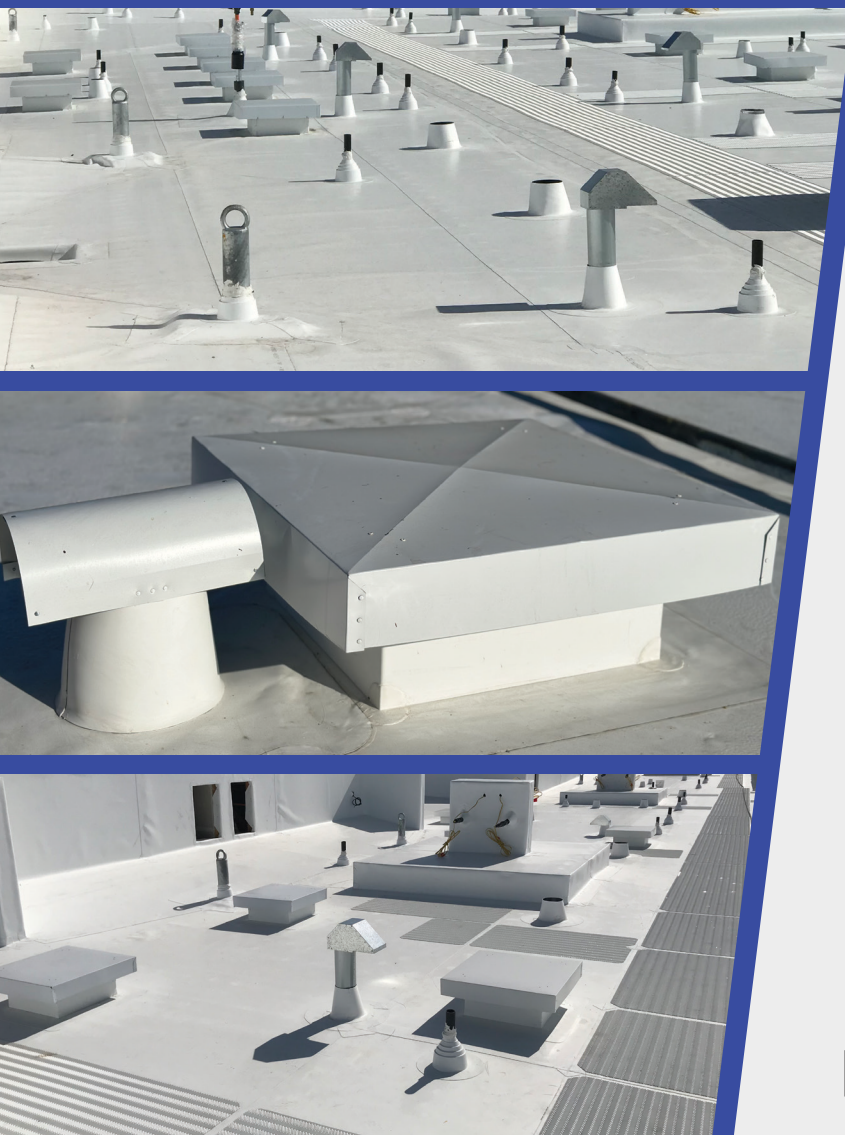

NRCA's One Voice initiative incorporates a transformational approach to addressing the roofing industry's most critical issues.

There is a clear consensus to move the industry forward together, and NRCA is reaching out to manufacturers, distributors, architects, engineers, consultants and service providers with the goal of having them become fully engaged NRCA partners. We invite you to join us!

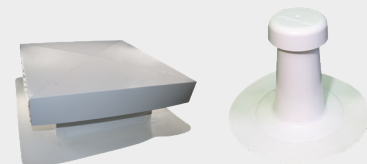

Visit nrca.net/onevoice for more information.

COMMUNICATIONS

You can depend on NRCA's print and digital resources for timely updates on breaking news and significant industry developments. In addition, connect with us on social media to stay informed about the latest organizational news and initiatives.

NRCA E-NEWS

Delivered biweekly, NRCA's digital newsletter keeps you informed.

PODCASTS: STORIES OF AN EXTRAORDINARY INDUSTRY AND VOCES DESDE EL TECHO

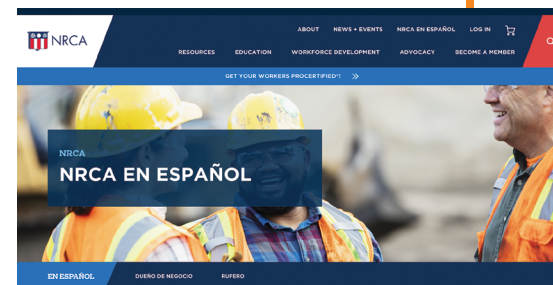

These **podcasts** have wrapped, but the stories live on wherever you get your podcasts.

PODCAST: ROOFTALK WITH NRCA

This is the **go-to podcast** for roofing professionals. Join our host and expert guests as they break down the issues that matter—from safety and legislation to workforce and technical issues—to keep you informed and help you grow your roofing business.

PROFESSIONAL ROOFING

Professional Roofing magazine is the roofing industry's leading publication, and members and their key employees receive free subscriptions.

NRCA.NET/ESPAÑOL

NRCA's **Spanish website** for business owners and roofing workers offers valuable benefits and resources to help Spanish-speaking professionals elevate their businesses and enhance their skills.

Visit **spanish.nrca.net** for more information.

WHY A MALARKEY SHINGLE?

PERFORMANCE & SUSTAINABILITY

Our proprietary NEX® Polymer Modified (Rubberized) Asphalt technology rubberizes the asphalt core of the shingle with virgin and recycled rubber and plastic polymers for superior all-weather resilience, longer product life, and reduced environmental impact.

Better performance, and better for the environment - that's a Malarkey shingle!

WHEN IT MATTERS®

LEGAL RESOURCES

NRCA's legal expertise is here for you. Issues such as contract language, employee policies and practices, regulatory compliance, payment provisions, insurance coverage, and codes and standards can threaten your company's profitability and existence. NRCA provides members with legal assistance, ultimately saving time and legal fees, by offering the following resources:

- Two **legal conferences** per year: LEGALCon Live in the fall and LEGALCon Virtual in the spring
- **Legal webinars**
- **Legal resources**, including white papers, contract provisions and notifications about cases of interest to the industry
- **Legal library**
- **Legal Help Line** is designed to help members obtain information about legal issues encountered in their day-to-day businesses.
- **Employer Immigration Resources** to help address issues related to employee immigration status

Visit nrca.net/legal for more information about how NRCA's legal expertise can help you respond effectively to legal issues affecting your business.

WORKFORCE RECRUITMENT

NRCA's Workforce Recruitment Resources give you the tools to attract, train and retain top talent—including customizable recruitment materials, hands-on training programs and proven strategies to connect with schools, parents and students.

Start building your workforce today:
nrca.net/workforce-recruitment.

SAFETY EXCELLENCE PROGRAM

NRCA has partnered with **1Life Software** to launch the **Safety Excellence Program**. NRCA members can systemize and communicate safety standards while monitoring and coaching in real time to drive performance and safety outcomes.

Available via web and mobile applications, the Safety Excellence Program can help you effectively reduce risk, increase workforce safety and grow your businesses.

Additional information is available at
nrca.net/1life.

MENTAL HEALTH RESOURCES

Mental health awareness can reduce the time frame between symptoms and treatment and help clarify misconceptions. NRCA's online resources can support a healthy company culture through leadership, engagement, communication and education.

Learn more at nrca.net/mental-health.

CYBER LIABILITY INSURANCE PROGRAM

NRCA offers members insurance coverage for business interruption exposures (any business reliant on technology for its day-to-day operations has this exposure), as well as the privacy risks posed by storing sensitive data and costs associated with cyber incident response. Importantly, coverage also includes theft of personal assets from company owners and officers.

In addition, NRCA's program offers key risk management services, including employee training addressing how to recognize and manage cyber threats.

Cyber liability is one of the biggest risks your business currently faces. Protect your company!

Learn more at nrca.net/cyberpolicy.

NRCA-SPONSORED CNA ROOFING CONTRACTORS BUSINESS INSURANCE PROGRAM

The NRCA-endorsed **CNA Roofing Contractor Business Insurance Program** was designed specifically for roofing contractors to help them safeguard their businesses against property, liability, automobile and workers' compensation risks.

To learn more about the NRCA/CNA business insurance, visit nrca.net/cna.

For information about other available insurance options, visit nrca.net/insurance.

NRCA RETIREMENT PROGRAM

NRCA offers members a **qualified retirement program** with a full range of flexible, competitive investment choices to meet their own—and their employees'—retirement program needs. The program includes legal, record-keeping, administrative, fiduciary, advisory services and investment-management services at a cost that may be far less than an individually managed plan.

To learn more, NRCA members can visit nrca.net/retirement or contact Rick Bonfim, QPFC, with the Krapf-Bonfim Group at **(478) 471-2250** or rick.bonfim@morganstanley.com.

A **stañdard** INDUSTRIES COMPANY

We protect what matters most™

GAF

¹15-year WindProven™ Limited Wind Warranty on Timberline HDZ® shingles requires the use of GAF starter strips, roof deck protection, ridge cap shingles, and leak barrier or attic ventilation. See GAF Roofing System Limited Warranty for complete coverage and restrictions. Visit gaf.com/LRS for qualifying GAF products. For installations not eligible for the WindProven™ Limited Wind Warranty, see GAF Shingle & Accessory Limited Warranty for complete coverage and restrictions.
²25-year StainGuard Plus™ Algae Protection Limited Warranty against blue-green algae discoloration is available only on products sold in packages bearing the StainGuard Plus™ logo. See GAF Shingle & Accessory Limited Warranty for complete coverage, restrictions, and qualifying products.

THE ROOFING ALLIANCE

The **Roofing Alliance** is a dynamic community of more than 200 industry leaders, including contractors, manufacturers, suppliers and service providers—united by a shared commitment to advance, elevate and shape the future of the roofing industry.

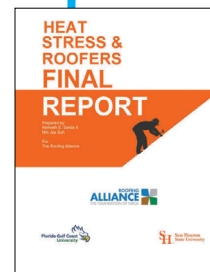

ROOFING ALLIANCE-CLEMSON UNIVERSITY TRAINING PROGRAM

Elevate your team with industry-leading professional development from the Roofing Alliance's online training program—developed in partnership with Clemson University.

This flexible, self-paced series includes three comprehensive courses: *Roofing Fundamentals*, *Roofing Management* and *Roofing Business Principles and Leadership*. Designed to upskill your workforce at an affordable price, each course awards a Certificate of Completion from the Roofing Alliance and Clemson University. Participants who complete all three earn the distinguished Roofing Professional Management Certificate.

Purchase the courses using this link:
cpe.clemson.edu.

ROOFING ALLIANCE PUBLICATIONS

Heat Stress for Roofers Training Course

Protect your crew and elevate job site safety with this essential heat stress training course. Backed by industry data, this program explores the impact of heat on roofing professionals and provides practical strategies for preventing heat-related illnesses.

A Study of the U.S. Roofing Industry and its Workforce

Labor shortages and limited workforce data have challenged the roofing industry. To address this, the Roofing Alliance partnered with Arizona State University to survey current workforce demographics and labor trends. Get your copy to explore the full findings.

Moisture in New Concrete Roof Decks

Explore the challenges of moisture release in structural concrete roof decks with this in-depth research report. Conducted by SRI Consultants and funded by leading industry organizations, including the Roofing Alliance and NRCA, this report analyzes moisture release behavior in structural concrete roof decks.

Stop fire at the roofline— before it spreads.

Fire-resistant underlayment you can spec with confidence.

Engineered for demanding environments, Ultra HT® provides full-roof protection against extreme heat, wind-driven rain, ice, snow—and fire. Its certified fire resistance creates a critical barrier that helps prevent fire spread and penetration beneath the roofing system.

Ultra HT®: Tested. Certified. Fire-Resistant protection for the whole roof.

- **UL® CLASSIFIED CLASS A**
- **ASTM E108/ICC-ES AC188 CLASS A**

*When failure isn't an option, choose the underlayment that goes the extra mile.
Contractors trust it. Specs demand it.*

WORKFORCE DEVELOPMENT

NRCA provides essential educational and training opportunities for you and your employees that address job-site training, safety, roofing technology, leadership development and more.

TRAINING FOR ROOF APPLICATION CAREERS

Developed to help the industry address ongoing workforce issues, TRAC's blend of online and hands-on training provides new and inexperienced field workers with information and skills to help them on their journey to become quality roof system installers and invaluable company employees.

ALL TRAC PACKAGES INCLUDE:

- Interactive, online training materials
- Unlimited use for all employees
- A dashboard to track employees' progress
- English and Spanish content

PACKAGES CURRENTLY AVAILABLE INCLUDE:

- Foreman Management Training
- Architectural Metal Installation
- Asphalt Shingle Installation
- Clay and Concrete Tile Installation
- EPDM Installation
- Thermoplastic Roof Membrane Installation
- Low-slope Onboarding for Roof System Installers
- Steep-slope Onboarding for Roof System Installers

TRAC ultimately will include each roof system. Place your order today at nrca.net/trac.

TRAINING FOR ROOF APPLICATION CAREERS

620 organizations have purchased a TRAC package with 12,500 employees enrolled in TRAC

QUALIFIED TRAINER CONFERENCES

Offering intentional training within your company is one of the best ways to develop employees' talent and increase their loyalty.

NRCA'S QUALIFIED TRAINER CONFERENCE, offered in-person and virtually, is a two-day program that provides participants with skills and resources to become exceptional trainers. When they complete the conference and become recognized NRCA Qualified Trainers, they will possess the focus, dedication and knowledge to:

- **CONDUCT** engaging training sessions designed to help installers learn about roof systems and their installation
- **PROPERLY TRAIN** new employees, onboarding them faster and more efficiently
- **PROVIDE GUIDANCE** and coaching to midlevel employees looking to further their careers

NRCA QUALIFIED TRAINERS are a must-have for any roofing company. They provide leadership and consistent direction to your employees; the result is increased pride of workmanship, quality and worker retention.

Visit nrca.net/training to learn more.

For other train-the-trainer opportunities, see CERTA and the Fall Protection Trainer conferences.

HEALTH AND SAFETY

NRCA's enterprise risk management department designs, develops and delivers safety classes and resources, including but not limited to **NRCA's Custom Health and Safety Training Power Hours**, which are the perfect tools for revving up your safety program or spicing up your next safety day.

We offer **LIVE** safety training webinars specific to roofing for any size group at your workplace. You can choose from a variety of health and safety topics, or request NRCA customize any webinar to your group's specific needs—at no additional cost.

Training packages include:

- Asbestos
- Driver safety
- Electrical safety
- Hot air welding safety
- Fall prevention and protection
 - Arrested fall rescue
 - Personal fall-arrest and fall-restraint systems
 - Warning-line and safety monitoring systems
- Fire safety
- GHS hazard communication
- Heat illness prevention
- Ladder safety
- Personal protective equipment
- Scaffold safety
- Silica
- Using job hazard analyses

To schedule webinars or create a custom topic, contact Rich Trewyn, NRCA's director of risk education and training, at **(847) 493-7575** or rtrewyn@nrca.net.

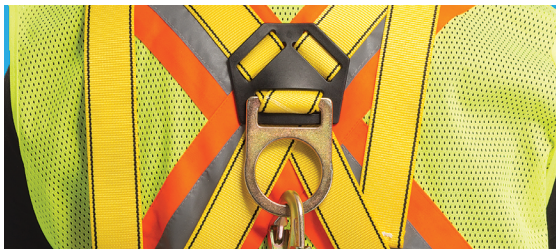

FALL-PROTECTION TRAINER COURSE FOR ROOFING

Falls from heights continue to be the leading cause of death and injury in the roofing industry; and falls account for at least one-third of all deaths in construction.

Ensure your company can meet these demands and protect your workforce by attending **NRCA's advanced two-day competent person training program**. The course will prepare attendees to teach fall protection and provide a detailed understanding of:

- The role and responsibilities of the competent person for fall protection
- How to apply fall-protection knowledge as a competent person to prevent falls on job sites
- How to use turnkey training materials to train roofing workers in fall-protection and prevention requirements

Contact Rich Trewyn, NRCA's director of risk education and training, at **(847) 493-7575** or rtrewyn@nrca.net for more information.

ROOFING INDUSTRY FALL PROTECTION FROM A TO Z

Roofing Industry Fall Protection from A to Z teaches you how to comply with OSHA's fall-protection regulations that apply to your employees. This program updates you on fall-protection systems and includes current OSHA federal and state-plan requirements. Additionally, participants will learn and practice self-rescue techniques.

For more information about NRCA's health and safety programs, visit nrca.net/course-catalog.

CERTA

CERTA is a program for certifying roof system installers or repair crew members whose work involves using propane torches. NRCA administers the program, which includes maintaining a database of all trainers and applicators.

CERTA Authorized Trainer Program

NRCA conducts CERTA train-the-trainer programs to authorize trainers. This full-day program trains roofing and safety professionals on training skills, CERTA safety practices and the program's administrative policies.

CERTA Certification Session

NRCA does not train applicators. Authorized trainers conduct sessions to train experienced roof system installers on the safe use of roofing torches used to apply polymer-modified bitumen roofing products. Contractors who do not have authorized trainers accessible may find trainers at nrca.net/certa/trainers.

For more information about NRCA's safety programs, visit nrca.net/course-catalog.

LEADERSHIP TRAINING

NRCA University's professional development programs are designed for field leaders; office personnel and executives committed to taking their companies to the next level.

FIELD LEADERSHIP TRAINING

NRCA's field leadership training recognizes the unique challenges of field leaders, especially foreman. Most foremen come directly from installation crews and must take the transition from being excellent installers and task managers to being strong leaders who empower others to install roof systems efficiently. These courses focus on helping foremen and other field leaders become effective in their responsibilities of delivering production and quality and inspiring employee loyalty. The focus of the courses is communication skills, including disciplinary conversations and intervention.

FUTURE EXECUTIVES INSTITUTE

Future Executives Institute delivers an intensive learning experience for roofing professionals on a leadership track—those currently in or preparing for executive roles within roofing contracting businesses.

The program features six semesters of focused coursework, each including an in-person intensive held at Northwestern University's Kellogg School of Management in Chicago and during the International Roofing Expo.® Acclaimed Northwestern professors, industry leaders and subject-matter experts provide instruction.

Ideal candidates are committed to advancing their strategic thinking, financial acumen and leadership skills. Participants seek to contribute to their company's long-term success, build a robust network of peers, and expand their influence in the roofing industry.

CERTIFICATIONS

NRCA's certifications are designed to validate experienced workers with specialized expertise and skills to advance their careers.

NRCA PROCERTIFICATION®

Get your experienced workers and subcontracted crews **NRCA PROCertified®**.

NRCA PROCertification® is the roofing industry's official badge of excellence for roof system installers. With NRCA PROCertification, the standard for roof system installation has been set, proving NRCA PROCertified installers have the skills and extensive experience required to deliver consistent, quality installations on every roofing project.

Apply at nrca.net/procertification.

ES-1

ES-1 certification programs provide roofing contractors who fabricate their own sheet-metal flashings with a means of complying with building code requirements for testing according to ANSI/SPRI ES-1.

GT-1

GT-1 certification programs, a companion to the ES-1 certification programs, provides roofing contractors who fabricate their own gutters on commercial low-slope roof systems with a means of complying with building code requirements for testing according to ANSI-SPRI GT-1.

Trade guesswork for growth.

ServiceTitan eliminates the guesswork by connecting every part of your roofing business in a single, end-to-end platform.

Accelerate revenue

Sell more, close faster, and grow margins—with less chaos.

Drive operational efficiency

Run smoother jobs with clearer scopes, faster scheduling, and fewer delays.

Deliver superior customer experiences

Earn customer trust with transparency and professionalism.

TECHNICAL RESOURCES

NRCA is the industry leader in providing technical roofing resources and advice to promote professionalism and help your business thrive.

TECHNICAL PUBLICATIONS

The NRCA Roofing Manual—2026 Set

One of the most widely recognized technical publications in the U.S. roofing industry, The NRCA Roofing Manual provides you with extensive information about the design, materials and installation techniques applicable to almost all types of roof systems.

The NRCA Roofing Manual: Metal Panel and SPF Roof Systems—2024

This volume of the NRCA Roofing Manual provides comprehensive information about the design, materials and installation techniques applicable to metal panels and spray polyurethane foam roof systems used in low and steep-slope applications. With two sections, Metal Panel Roof Systems and SPF Roof Systems, this manual is a welcome addition to your technical library.

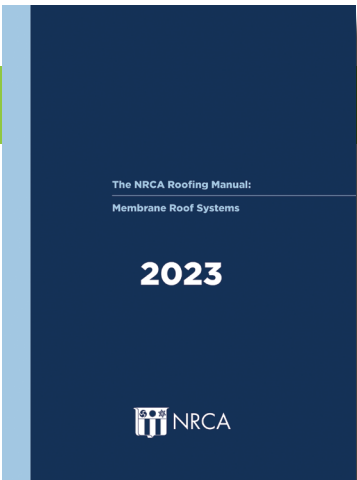

The NRCA Roofing Manual: Architectural Metal Flashing and Condensation and Air Leakage Control—2026

The 2026 roofing manual provides valuable information about the design, materials and installation techniques applicable to architectural sheet-metal components and condensation and air leakage control—this manual is a welcome addition to your technical library.

The NRCA Roofing Manual: Membrane Roof Systems—2023

This roofing manual provides best industry practices and technical information about the design, materials and installation techniques applicable to membrane roof systems used in low-slope roof system applications. The manual includes information about roof decks, air and vapor retarders, rigid board insulation, roof membranes, fasteners, surfacing, accessories, roof system configurations and roof re-coverings.

The NRCA Roofing Manual: Steep-slope Roof Systems—2025

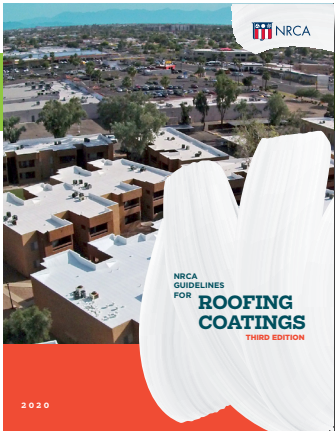

This volume of the NRCA Roofing Manual provides valuable information about the design, materials and installation techniques applicable to steep-slope roof system applications. This manual has five comprehensive sections—Asphalt Shingle Roof Systems, Clay and Concrete Tile Roof Systems, Metal Shingle Roof Systems, Slate Roof Systems, and Wood Shake and Wood Shingle Roof Systems.

NRCA members can download roofing manuals **FREE!**

NRCA Guidelines for Roof Coating Applicators

This publication provides you with best industry practices concerning the installation of roof coatings for use by roofing personnel directly involved in roof coating application. The guidelines include valuable information about coating materials' compositions, curing mechanisms and performance properties; evaluating coating adhesion; roof substrate inspection, repairs and surface preparation; and coating application over single-ply and bituminous roof membranes, spray polyurethane foam and metal panel roof systems.

The NRCA Repair Manual for Asphalt Shingle Roof Systems

This manual provides your repair and maintenance specialists with photos, instructions and step-by-step procedures for over 30 common asphalt shingle roof system repairs. Your crews will use it as their go-to reference guide for identifying problems and properly repairing asphalt shingle roof systems. Add it to your library today!

Roofing Contractors Equipment Cost Schedule

This updated publication gives you descriptions of all types of roofing equipment and breaks out the monthly, weekly, daily and hourly expense rates. You can view more than 130 illustrations and review 48 types of equipment—from air compressors, cut-off saws and felt slitters to storage trailers, torches and wheelbarrows.

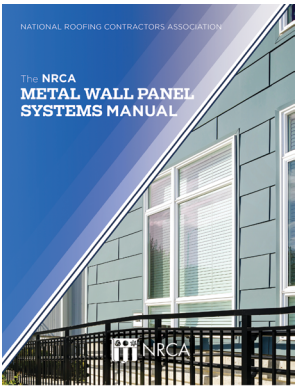

Repair Manual for Low-slope Membrane Roof Systems, 2nd Edition

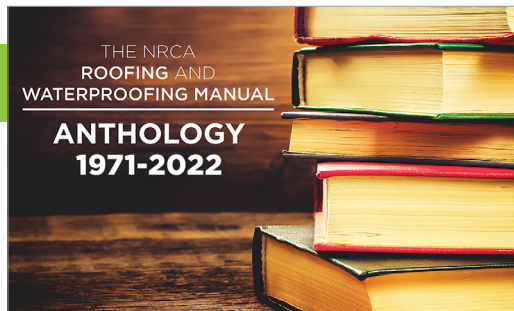

This unbiased, authoritative reference guide of industry best practices for the repair of low-slope membrane roof systems, including thermoplastic and thermoset roof membranes, polymer-modified bitumen and built-up roofing, and mechanically attached metal flashings, is your go-to reference guide for repairs and maintenance.

The NRCA Metal Wall Panel Systems Manual

The NRCA Metal Wall Panel Systems Manual—with 58 construction details—includes the latest information about exterior wall cladding systems constructed with single-skin metal panels, metal composite material panels, aluminum plate panels, insulated metal panels and more.

The NRCA Roofing and Waterproofing Manual Anthology (Digital)

This anthology contains technical roofing information published by NRCA from 1971-2022 and includes the Manual of Roofing Practice, first published in 1971, plus the first, second, third, fourth, fifth and 1971-2022 editions of the NRCA Roofing and Waterproofing Manual.

The NRCA Waterproofing Manual—2nd Edition

This comprehensive manual provides you with the latest information about proper design; quality materials and workmanship; water stops; warranties; material storage and handling; weather considerations; slope and drainage; flashings; and much more.

Visit nrca.net/shop/technical to review NRCA's full catalog of technical publications and resources.

MOISTURE PROTECTION BEYOND THE SURFACE

INNOVATING WITH PURPOSE

Prevent moisture damage and optimize energy efficiency with SlopeShield Plus SA. Designed for low-slope roofs, it acts as an air barrier and permeable vapor retarder, mitigating condensation and mold, while offering easy installation, quick dry-ins, and up to 180 days of weather protection.

Download Moisture Control Strategies for Low-Slope Commercial Roofing Guide, VaproShield, 2025

Contact us at 877-731-7663 or visit VaproShield.com for your free sample.

RESEARCH AND DEVELOPMENT

NRCA participates in building code hearings and conducts research and testing to address specific roof system issues. Resources and programs you can use include:

ROOFWINDDESIGNER.COM

Roof Wind Designer is a free, online tool intended to provide users with an easy-to-use means for determining roof systems' design and wind loads according to ASCE 7-05, -10, -16, or -22 and design tornado loads according to ASCE 7-22.

ENERGYWISE.NRCA.NET

EnergyWise Roof Calculator is a free, web-based application that provides a graphical method of constructing roof assemblies to evaluate thermal performance and estimated energy costs under normal operating conditions.

Roof Wind Designer and EnergyWise allow users to perform design calculations for the roofing projects they encounter.

Mark S. Graham
NRCA's vice president of technical services

TECHNICAL LIBRARY AND GLOSSARY

NRCA offers an online technical library where you can search thousands of roofing-related articles and reports for information by keyword, author, title or source. Additionally, you can search NRCA's glossary of roofing terms—in English and Spanish—for information by roofing term or browse by letter.

Visit nrcanet.net/technical for more information.

GRASSROOTS ADVOCACY

NRCA's Washington, D.C., office serves as NRCA's full-time advocate in our nation's capital and works to advance the roofing industry's public policy agenda in the following areas: tax policy, energy efficiency, labor and workplace regulation, education and workforce training, immigration, regulatory reform, insurance, litigation reform and health care.

NRCA was recently successful in securing several major wins for the roofing industry through legislation that makes permanent the Section 199A tax deduction for pass-through businesses, increases the estate tax exemption to \$15 million while making the amount permanent, and locks in the top individual tax rate at 37%. NRCA also was successful in restoring permanent full R&D expensing and 100% bonus depreciation for machinery, equipment and vehicles while enhancing Section 179 expensing for nonresidential real property to \$2.5 million.

NRCA continues to see success in providing solutions to workforce shortages, including a recent expansion of Section 529 education plans and the Pell Grant program to include workforce training and certification, while increasing funding for the Perkins CTE Grant program by \$300 million since 2018.

The NRCA Grassroots Advocacy network allows you to follow current issues, locate your legislators, act on specific proposed legislation and access NRCA's Grassroots Advocacy Toolkit. NRCA encourages you to visit roofingadvocacy.nrca.net to participate in the legislative process.

Advocacy events combined
raised more than

\$400,000

to benefit ROOFPAC, the voice of the
roofing industry in Washington, D.C.

ROOFPAC

ROOFPAC, NRCA's political action committee, is the voice of the roofing industry in Washington, D.C.

ROOFPAC is dedicated to supporting pro-business candidates for the U.S. Senate and House of Representatives who support NRCA's agenda of pro-growth economic policies, workforce policy, regulatory reform and other critical issues.

ROOFING DAY IN D.C.

April 14-15, 2026 | April 6-7, 2027

This annual event brings together roofing contractors, manufacturers, distributors, service providers and other industry participants from across the U.S. to share our message with members of Congress. **Roofing Day in D.C.** is the largest advocacy event dedicated to the roofing industry. NRCA's goal is to have every state represented and ensure Congress hears the roofing industry's voice loud and clear.

NRCA will schedule meetings with your Congressional representatives and prepare you for your visits. All you need to do is join the roofing industry in speaking with one voice!

For more information, visit nrca.net/roofingday or call NRCA's Washington, D.C., office at **(800) 338-5765**.

Roofing Day in D.C. brings together all segments of the roofing industry to deliver our industry message with one voice. **Join us!**

NATIONAL ROOFING WEEK 2026

National Roofing Week increases awareness across the U.S. about the significance of roofs to every home and business and shares the good deeds of the industry. National Roofing Week also promotes the importance of hiring professional roofing contractors and making informed decisions about maintaining or replacing roof systems.

Together, we can shape the image of the roofing industry.
