PROCertified Asphalt Shingle Video Submission Process Overview

Candidates may choose to submit videos and pictures from working on an active job, working on a mockup, or a combination of both.

NRCA will provide you with a mobile app to send videos and pictures to assessors for evaluation.

Watch this video preview of the video exam process:

1. PFAS Safety Assessment
2. Metal Edging
3. Underlayment, Starter
4. Shingle Courses with Step Flashing
5. Valley
6. Headwall Flashing
7. Pipe Flashing
8. Ridge

Important notes about exam safety:

Photos and videos submitted for this exam that show individuals not using personal protective equipment and fall-protection systems required by the Occupational Safety and Health Administration will not be accepted for scoring an exam. This includes submitting images of the certification candidate and/or other workers not complying with OSHA requirements, such as fall-protection requirements. You will be required to resubmit photos or videos that do not show safety infractions.

For more information, contact Denise Malcolm, NRCA's director of certification operations, at dmalcolm@nrca.net or (847) 493-7560.
