

*The voice of professional
roofing contractors.*

The National Roofing Contractors Association has been endorsing an excellent business insurance program from CNA since 1970, and we are pleased to again recommend this program to our members.

The knowledge and understanding CNA possesses of the roofing industry, combined with their experience in developing programs for trade associations, have enabled us to obtain a program that meets the unique needs of roofing contractors.

The program also includes comprehensive risk control services and expert claim handling.

We encourage you to review the components of this program. In an increasingly complicated insurance climate, it is our hope that this program will help stabilize your insurance costs while, at the same time, offer you peace of mind that your business investment is properly protected.

Sincerely,

A handwritten signature in black ink that reads "Bill Good". The signature is written in a cursive, flowing style.

William A. Good, CAE
Executive Vice President
